

The New Illustrated History of the Nazis, 2005, 192 pages, Alessandra Minerbi, F+W Media, 2005

This illustrated volume documents the history of the Nazis; from their roots in World War I and their rise to power in 1933 to the end of the Cold War era and the fall of the Berlin Wall in 1989, using many previously unseen images of Nazi Germany and World War II. Illustrated History of the Nazis traces the roots of the movement from the early days of the Weimar Republic, through the rise to power of the charismatic Adolf Hitler, the dramatic downfall of Germany in 1945. Extra material follows the aftermath of the war through to the fall of the Berlin Wall at the end of the Cold War, and examines the consequences of the Wehrmacht. Paying particular attention to the holocaust, the policy of "total war," the state of German society and the systematic use of propaganda and terror, this-unique and fascinating book is an essential purchase for the history enthusiast.
